JUNE - 2026

DAMASCUS

MESSAGE

The “Jidar / world of facades” Conference in Damascus aims to launch Syria’s first dedicated platform focused exclusively on the Building Facades & Envelopes sector.

At a time when Syria needs to rebuild both its cities and its standards, Jidar comes as a bridge between the local market and the expertise of leading international companies in façade solutions.

OBJECTIVE

The conference emphasizes advancing the culture and technologies of modern façades as a key pillar of contemporary architecture, due to their direct impact on aesthetics, construction quality, energy efficiency, and environmental sustainability—while also supporting the development of the Syrian Building Code in alignment with internationally recognized standards. This will ultimately contribute to raising the overall quality of modern construction in Syria and enhancing opportunities for cooperation and investment within this specialized sector.

MAIN SPONSOR (PLATINUM)

Platinum sponsor's logo will be included in all conference visuals and materials (Main poster, invitations, brochure and badges, printed posters in the conference.. etc.). It will be exclusive with no competitor in the conference, and also will be speaker and exhibitor by kiosk.

GOLD SPONSORS

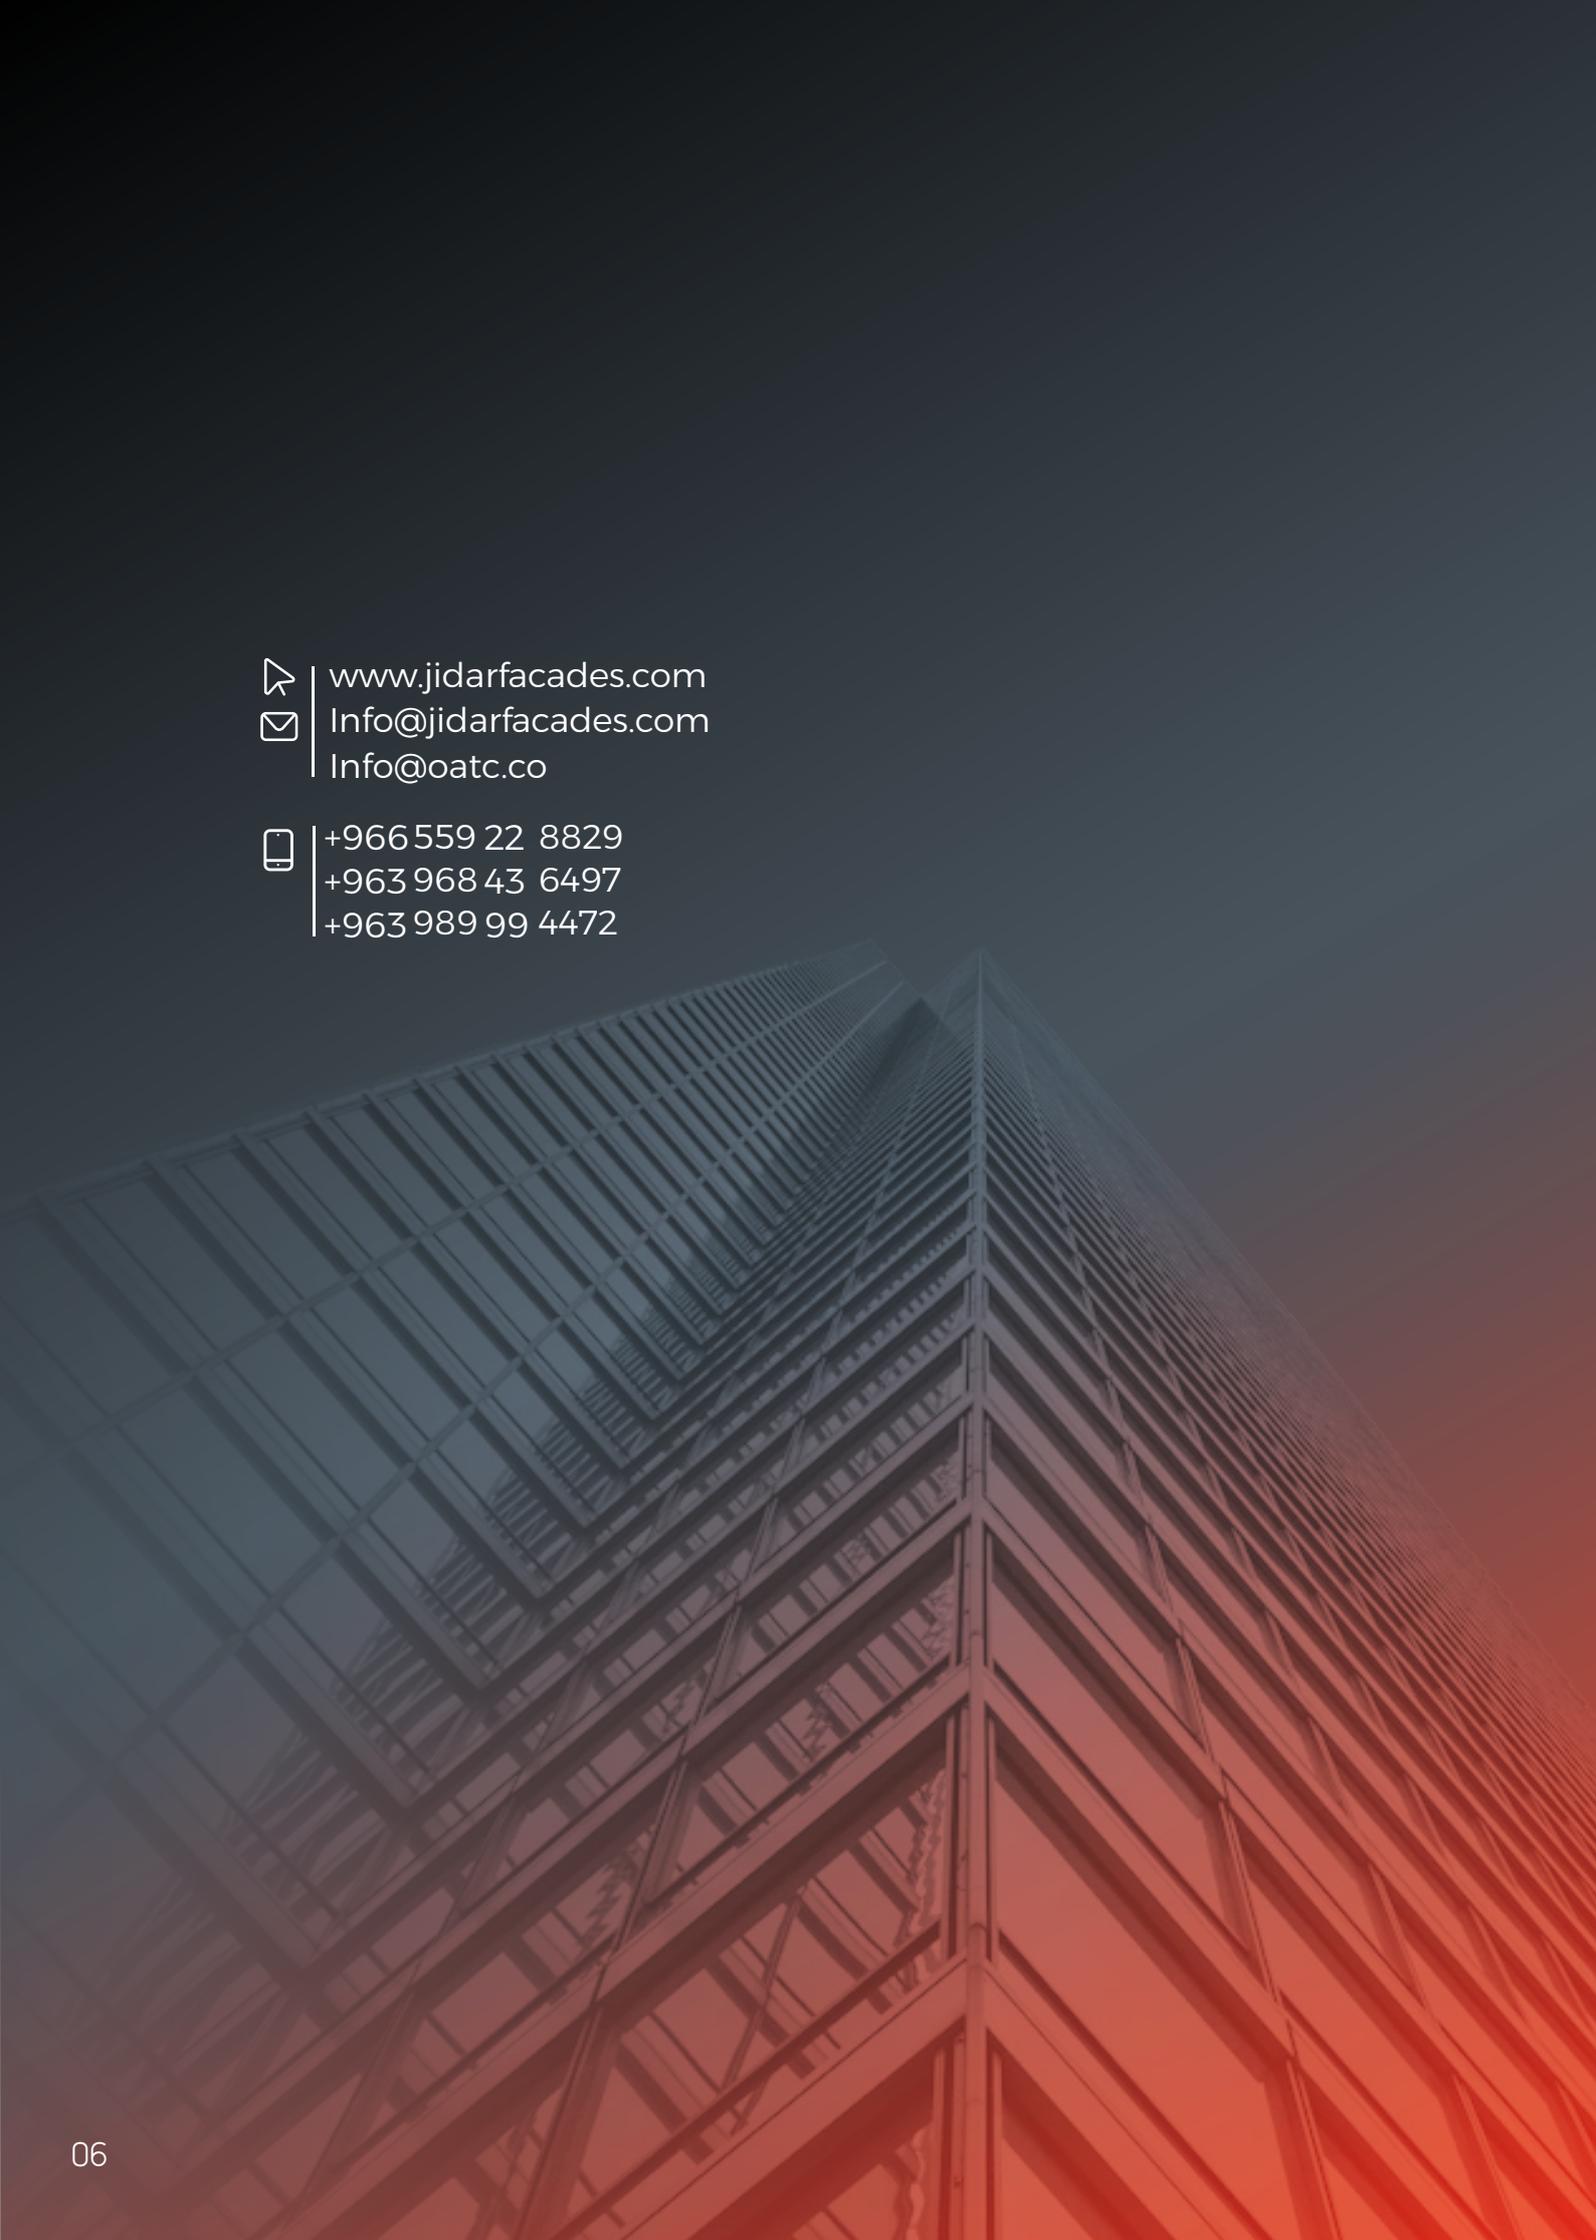

By becoming a Gold Sponsor your company's logo will be placed on all event posters, positioning your company for high visibility. Additionally, you will secure a dedicated speaking slot to demonstrate thought leadership, alongside an exhibition kiosk directly to attendees.

SILVER SPONSOR

Silver sponsor's logo will be included on event posters to ensure brand recognition among participants. You will also receive a dedicated exhibition kiosk, providing a perfect venue for face-to-face networking and product demonstrations.
